

OZ SOLAR ENERGY SOLUTIONS PTY LTD

Helping Australian Homes Save Money, Protect the Planet & Improve Quality of Life.

WHO WE ARE.

- OZ Solar is a 100% privately owned Australian company, registered since 2006.
- We are a NETCC Approved Seller and a proud member of Clean Energy Council (CEC).
- With years of experience in residential, commercial, and institutional solar projects, we deliver tailored, professional, and sustainable solutions.
- Our experts carefully assess your electricity bills and design the most efficient system for your home.

WHY CHOOSE OZ SOLAR?

- We maximise all available government rebates for you
- Customized proposals ensure maximum output and value for money.
- Installations carried out by licensed installers accredited by Solar Accreditation Australia(SAA).
- We bring an ethical, professional, and environmentally responsible approach to every project.

AT A GLANCE

- More than 3 million Australian homes already have rooftop solar.
- Over \$237 million in Victorian Government rebates provided.
- Victorians save over \$118 million every year on energy bills thanks to solar.
- Solar Homes Program will cut 4 million tones of carbon emissions equal to removing 1 million cars from the road.

WHY SOLAR ENERGY?

- Unlimited renewable resource — the sun will never run out.
- Clean, affordable, and sustainable energy source.
- Protect against rising fossil fuel and energy prices.
- Access generous federal and state government incentives.
- Reduce reliance on the grid and minimize power outages.

REBATES & INCENTIVES

- Federal Government rebate of up to 30% of cost.
- Victoria Government rebate of up to \$1,400.
- Interest-free loan options available.
- OZ Solar \$0 Out-of-Pocket Plan – start saving from day one.

5 STAGE QUALITY PROCESS & WARRANTIES

- **World-Class Equipment:** Fully compliant with AU & international standards.
- **Rigorous Testing:** Panels tested for hail, salt, humidity, freezing/thermal cycles, and cyclone resistance.
- **Trusted Manufacturers:** Periodical audits to ensure Quality control.
- **Accredited Installations:** Thousands of installs, quality-checked regularly.
- **Independent Certification:** Every install comes with a Certificate of Electrical Safety.
- **Health & Safety:** Zero incidents to date with supervised installations.
